

JD - Internship

Job Title: Software Development Intern (React Native s Python/Gen AI)

Location: Chennai (Siruseri - Hexaware Office)

Type: Internship - In-person

Duration: 3 to 4 months (Mandatory)

About Us

Hexaware Technologies is a global leader in IT, BPO, and consulting services, driving digital transformation for enterprises worldwide. Our Chennai (Siruseri) office is a hub for innovation, where cutting-edge technologies like Gen AI, cloud computing, and modern app development come to life. We're looking for passionate interns to join our dynamic team and contribute to real-world projects that make an impact.

What You'll Do

As a **Software Development Intern**, you'll work closely with our engineering teams to:

- **Frontend (React Native):**
 - Develop and optimize interactive, user-friendly mobile applications.
 - Collaborate on UI/UX design and implementation for seamless user experiences.
 - Debug and improve performance for cross-platform apps.
 - **Backend (Python/Gen AI):**
 - Build and integrate scalable backend services using Python.
 - Explore and implement Gen AI solutions (e.g., LangChain, voice agents, or Azure AI services).
 - Work with APIs, databases, and cloud platforms (Azure) to create robust systems.
-

What We're Looking For

Technical Skills:

- **Frontend:**
 - Proficiency in **React Native** (mandatory).
 - Experience with interactive UI components, animations, and responsive design.
- **Backend:**
 - Strong **Python** programming skills.
 - Knowledge of **Gen AI tools/frameworks** (e.g., LangChain, voice agents, or Azure AI).
 - Familiarity with **Azure cloud services** (e.g., Azure Functions, Cognitive Services).
- **General:**
 - Solid understanding of **Git**, APIs, and databases (SQL/NoSQL).
 - Clean coding practices and a knack for debugging.

Soft Skills:

- Strong problem-solving and analytical mindset.
- Ability to collaborate in Agile/Scrum environments.
- Eagerness to learn and adapt to new technologies.

Eligibility

- Currently pursuing or recently completed a degree in **Computer Science, IT, or related fields**.
- Prior internship/project experience in **React Native, Python, or AI/ML** is a plus.
- Portfolio/GitHub profile showcasing relevant projects is highly encouraged.

Why Join Us?

- **Hands-on Experience:** Work on live projects with mentorship from industry experts.
 - **Learning s Growth:** Access to training, workshops, and certifications.
 - **Networking:** Connect with professionals and expand your career opportunities.
-
